They extend with the Road from Chicage on the north-east to Carro at the south, and thence to Galeus and Danleith in the extreme north-western part to Galeus and Danleith in the extreme north-western part of the State. Most of these lands is immediately on, and within six mices of, the Road, and none are more than fitness miles distant from it; hence, ready and cheen facilities are furnished for transporting their products to any of the Eastern or Southern markets. The great increase of population by immigration, Monado the consequent rapid growth of flourishing towns and visiages on the line of the Road and throughout the State, furnish a substantial and growing home demand for every kind

date of contract, and the others almostly instruction payment will become due at the end of the sixth year from the date of the contract, and the lands are not subject to taxation till finally paid for.

BYRREY WILL BE CHARGED AT ONLY THREE FER CRY FRANKIM.

As a security to the performance of the contract, the first two years' interest must be paid in advance, and it must be undergood that at least one-tenth of the land purchased shall yearly be brought under cultivation. Larger buildings may be contrasted for at proportionate rates. The Company will forward all the materials for such buildings over their road promptly.

It is believed that the price, long credit, and low rate of interest charged for these Lands, will enable a man with a few hundred dollars in cash and ordinary industry to make himself independent before all the purchase-money becomes due. In the mean time, the rapid settlement of the country will probably have increased their value four or rive-fold. When required, an experienced person will accompany applicants, to give information and aid in selecting lands.

Circulars, containing numerous instances of successful farming, signed by respectable and well-known farmers living in the neighborbood of the railroad lands, throughout the State—also the cost of fencing, price of cattle, expense of harvesting. Himost Central Railroad Company.
